

# Gathers Made to order service-

Please return byfax to 01622 711418 or by email to [technical@fluesupplies.com](mailto:technical@fluesupplies.com).

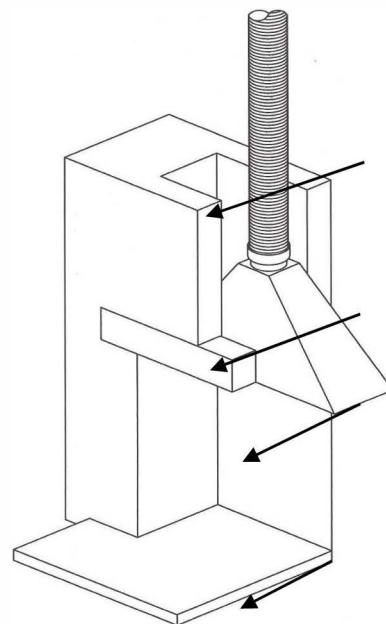

Flue Supplies Offers a quick 5-10 working day service for making gathers to your dimensions and specifications

## Specifications

At present there is no British Standard Specification for gathers to be used with flexible flue liners. However, it is generally considered good practice to produce gathers in stainless steel with the angle of the gather being not more than 45 degrees from the vertical.

- Materials: 316 stainless steel (usually for solid fuel)
- Mesh skirt Optional 50mm deep stainless steel mesh welded onto bottom of the gather to assist fixing

**PLEASE NOTE: ONCE PAYMENT HAS BEEN MADE THIS ORDER CANNOT BE RETURNED OR CANCELLED AS THIS IS A BESPOKE MADE TO ORDER ITEM.**

**Please fill out details and dimensions in boxes, then send to Flue Supplies to obtain a quote**

**Make sure the dimensions you give include a tolerance for installing the gather**

**Please supply all measurements in mm**

Liner Diameter  mm
